

External evaluation of UKLO

The second visit of the team of experts from the Institutional evaluation program of the European University Association, within the frameworks of the process of conducting an external evaluation of the University is going to be realized in the period October 17 - 19, 2017.

The external evaluation is a unique opportunity for gaining an objective evaluation of the University functioning by a prestigious, independent European organization. At the same time, the external evaluation is in function of the continuous development of UKLO, especially the system of quality assurance and improvement.

According to the agenda, the team of experts is going to have meetings with the University managing authorities, the committees on teaching and science and cooperation of the universities in the country and abroad, researchers, PhD candidates and UKLO administrative staff, as well as separate visits to the Faculty of Biotechnical Sciences and Faculty of Information and Communication Technologies.
